### Production Process

Painted aluminum coils are slit to size and processed through a heavy-duty punching press to create perforations. The material then passes through a hydraulic press with a punch and die to achieve the desired shape and size of the aluminum tile, resulting in the finished product.

### Composition

Chemical Name	CAS – Number	Weight in Percentage
Aluminium	7429-90-5	>95
Manganese	7439-96-5	<1.5

### Handling & Storage

Products are supplied in pack and sub-pack quantities and should be handled in accordance with the recommendations contained in AS 1470 – Health and Safety at Work Principles and Practice.

Where mechanical lifting or moving equipment is required, trained and licensed operators are to be used.

Metal products should be stored in an environmentally-friendly area away from airborne contaminants such as acid and salt sprays.

# SAFETY DATA SHEET

## Safety

It is our recommendation that protective clothing should be worn when handling metal products and that they should be checked regularly for damage.

People with sensitive skin conditions should seek medical advice before prolonged handling of metal products; hands should be washed before eating and for personal hygiene.

Non-fogging goggles should be worn when cutting metal sections.

## Site Training

It is the responsibility of the contractor to ensure his employees are trained in onsite O.H.S. procedures as these can vary from site to site.

## Flamability

Aluminium Metal tiles are non flammable materials

## Other Information

The products should not be used for purposes other than those shown on the manufacturer's product labels and technical data sheets. As the specific conditions of use are outside the supplier's control; the user is responsible for ensuring compliance with the relevant legislation in the territory of use.

The information contained in this Safety Data Sheet is based on the current state of knowledge and current state of legislation. It provides guidance on Health Safety and Environmental aspects of the product, and should not be taken as a guarantee of technical performance or suitability for particular applications.

### Disclaimer of Liability:

The information is, to the best of the company's knowledge and belief, accurate and reliable as of the date indicated. It is offered for your consideration, investigation and verification. Buyer assumes all risk of use, storage and handling of the product in compliance with applicable local laws and regulations. Mada Gypsum Company and its subsidiaries make no warranty of any kind, expressed or implied, concerning the accuracy or completeness of the information and data herein. The implied warranties of merchantability and fitness for a particular purpose are specifically excluded.

Mada Gypsum Company and its subsidiaries will not be liable for claims relating to any party's use of or reliance on information and data contained herein regardless of whether it is claimed that the information and data are inaccurate, incomplete or otherwise misleading.
